

EARLY YEARS FOUNDATION STAGE SUN SAFETY PROCEDURES

We appreciate the importance of sun protection and want our children to enjoy the sun safely. We will work with staff and parents to achieve this by:

- Reminding children about sun safety through discussions and use of displays.
- Providing additional shade during hot weather.
- Ensuring activities are set up to encourage children to play under shade during hot weather.
- Requesting that parents provide a named sunhat.
- Asking parents to apply sun cream to their children at the beginning of the day.
- Ensuring that staff re-apply sun cream or supervise the application of sun cream as appropriate during the day, subject to written permission from parents.
- Actively encourage children to wear a hat whenever playing outside in hot weather.
- Providing each room with a bottle of Boots Soltan Factor 50 sun cream to apply as necessary throughout the day.
- Providing spare hats for emergencies.
- Ensuring that drinks are always available during the day.
